Mr. E.H. Nelson,
Project Xanadu,
Box 128,
Swarthmore,

Dear Mr. Nelson,

On behalf of our partners Infomart and ourselves, I write to thank you for your involvement in Videotex '81.

Analysis of the delegate questionnaires confirms the feeling gained at the conference that the event was regarded as an unqualified success by all concerned. In fact, we are almost embarrassed by the bevy of complimentary comments such as "the best conference I have ever attended" - "well done!" - "good coverage of the subject" - "a delegate's dream and a logician's nightmare".

There can be no doubt that your own participation contributed significantly to this success and I do hope you found it to be worthwhile.

There have been several suggestions and requests that we run a Videotex '82. We are currently considering the prospect of two meetings next year - a west coast event to be held in the spring either in Vancouver or Los Angeles - Videotex '82 (West). This would be followed during the late fall by a major international conference with a full scale exhibition - Videotex '82, to be held either in Toronto or in a major US eastern seaboard city.

I would be very interested in your views about the location and timing of these respective events. We would like to know if you or someone from your organisation would wish to participate as a speaker in either. For your convenience, I have taken the liberty of enclosing a form for your comments. In view of the very tight timescale under which we will have to work to set up these events, your immediate response would be most appreciated.

Again many thanks for your support and involvement with Videotex '81.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Richard Elliot-Green'. The signature is fluid and cursive, with the first name 'Richard' being more prominent.
